 - Pursuing Loaded Gyro

7) Next Meeting: Monday, Dec. 14 at 7pm in school library.

8) Closing Prayer

9) Adjournment (9:00)

Faith Formation Report for Education Commission, 11/9/2020:

Important changes due to Covid-19: In an effort to try our best to avoid inviting folks, especially our children into potential health compromising situations, we have made some changes in upcoming dates and events.

-The First Reconciliation date has been moved to the end of January from the end of this month, so we are now scheduled for Tuesday, January 26th at 7 pm.

-We have also cancelled both the parish wide Advent Reconciliation Service which was scheduled for December 15th and the school wide Advent Reconciliation Service which was scheduled for November 30th. We will have classroom prayer services available for the teachers to use in the classroom with the children that will celebrate the loving forgiveness of our God for each of us.

-Confirmation has been postponed from Dec. 1st until February 4th. The archdiocese has left open the possibility of this date also being delayed depending on the status of the Coronavirus

as we get closer to the date. *(This also allows for more time to prepare for the Sacrament with the 8th graders)*

Confirmation “Virtual” Retreat: While I was somewhat dubious about how the students would respond to a retreat in this format, both the teachers and I were very pleasantly surprised at just how much the students appeared to get out of the experience. This was determined by their discussion in class about the retreat the next day and their answers to some specific questions that their religion teacher asked them to write up and hand in. Now, there were some glitches with this format---tech issues on the part of the host, NETMinistries---which they were able to deal with and fix. The students were fairly accommodating with the glitches and did attend to the options offered as if that was what had been planned all along. One of the “Pros” of this format is the chance for the students to answer some questions anonymously since they are not sitting right next to each other. One of the “Cons” of this format is a felt absence of the physical energy that can be built on throughout an in-person retreat. Given all options, I think we should go back to the in-person format as soon as that is a possible option for us.

Parent Preparation for Infant Baptism: While we have been offering infant baptisms, done on an individual basis, we have not been offering the usual in-person Parent Preparation Workshop. I am currently reviewing materials to put together a virtual alternative so that we can still bring our young parents “together” to meet each other and learn about the sacrament as well as ways to begin to pass their faith onto their children and some resources to support them in this lifelong faith journey with their children. Hopefully we can begin this virtual option in the very near future to support our young parents.
